SUMMARY

Information Technology undergraduate at Kongu Engineering College skilled in Java, Data Structures and Algorithms, MERN Stack, MySQL, and web development. Solved 340+ coding problems across coding platforms and passionate about building scalable software solutions.

EDUCATION

2024 – 2028	Bachelor of Technology (Information Technology) Kongu Engineering College, Erode	CGPA: 8.36/10
2023 – 2024	Higher Secondary Education (Class XII) Kongu Vellalar Matric Hr. Sec. School, Tiruppur	89%
2021 – 2022	Secondary Education (Class X) Kongu Vellalar Matric Hr. Sec. School, Tiruppur	90%

TECHNICAL SKILLS

Programming Languages	Java, C, JavaScript, PHP
Frontend	HTML5, CSS3, Bootstrap, React.js
Backend	Node.js, Express.js, PHP ,REST APIs
Databases	MySQL, MongoDB, Oracle SQL
Tools	Git, GitHub, VS Code, XAMPP
Core Subjects	DSA, OOPs, DBMS, Operating Systems, Computer Networks

PROJECTS

AgroGuide - Smart Agriculture Advisory Platform

[GitHub](#)

- Developed a web-based agriculture advisory platform using PHP, MySQL, HTML, CSS, and JavaScript to provide crop recommendations and farming guidance.
- Integrated weather information, crop recommendations, and agricultural data through dynamic database-driven modules for enhanced user support.
- Designed a responsive interface and implemented secure data management using PHP and MySQL within the XAMPP environment.

InterActive Portfolio Website

[GitHub](#)

- Designed and developed a responsive portfolio website to showcase projects, technical skills, achievements, and coding profiles.
- Implemented project categorization, search functionality, and modern UI interactions using HTML, CSS, JavaScript, and React concepts.
- Optimized user experience through responsive layouts, clean design principles, and performance-focused development practices.

ACHIEVEMENTS & ACTIVITIES

- Secured **Second Place** in Project Expo conducted at Kongu Engineering College.
- Participated in IIT Madras Hackathon and multiple college-level hackathons including a 24-Hour Hackathon.
- Actively participated in Technofest and various technical events at Kongu Engineering College.
- Developed multiple academic and personal projects using MERN Stack, PHP, MySQL, and JavaScript.
